

**Go from strong to superior with a Blue Giant mechanical hold-down kit.**

Part # 70-003517-KIT  
(Includes Easy-Pull Assembly)

### ***Enhance Your Dock Leveler***

Your dock leveler plays an important role in the productivity and profitability of your operation. Let the Blue Giant Mechanical Hold-Down Kit enhance its performance by improving safety, reducing operator strain by up to 25%, and providing a secure hold at any point in the dock leveler working range.

### ***Air-Ride Compatible***

The mechanical hold-down system maintains constant contact between the dock lip and the trailer bed, ensuring compatibility with air-ride trailers. Operations remain smooth during loading / unloading.

### ***Minimize 'Pop Ups'***

Designed to minimize 'pop ups' that can occur when a component holding the dock leveler in position fails. The deck is held in place by a precision-milled steel ratchet hold-down system with superior locking capabilities, reducing the risk of this.

### ***Unmatched Compatibility***

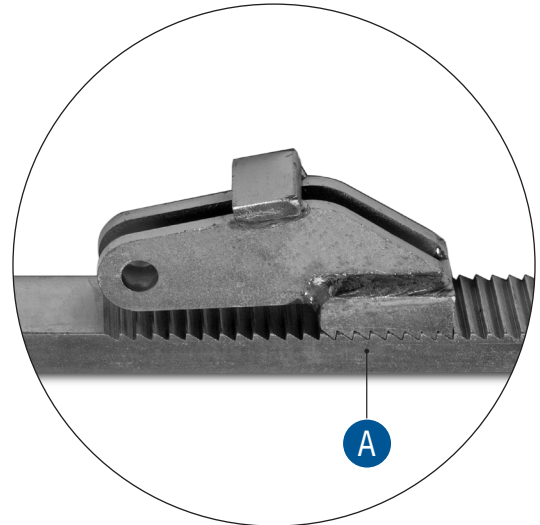

Compatible with all mechanical dock levelers with capacities up to 50,000 lb (22,727 kg). A simple and rapid installation process gets the upgraded dock leveler back in action quickly. Corrosion-resistant cadmium plating on the pawl and bar ensure a long operating life.

AFTERMARKET SOLUTIONS

**Short Set-up. Long Lifetime.**

Part # 70-003517 (6' and 8' docks). Consult factory for 10' docks.

## Features

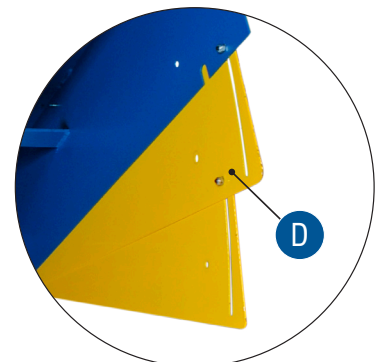

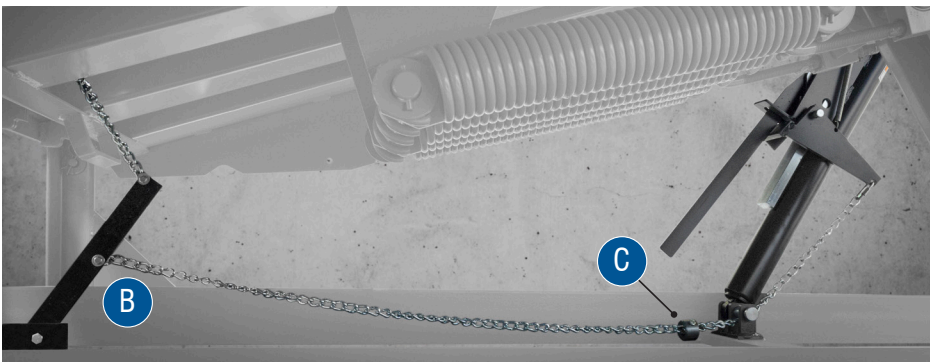

- Cadmium-plated ratchet bar and pawl teeth (A) are designed for consistent and reliable operation.
- Secure and instant hold prevents pop-ups and ensures compatibility with air-ride suspension systems.
- Automatic float compensation and pressure relief system (C) prevents tension overload, allowing the dock leveler to seamlessly adjust to changes in trailer bed height without interrupting operation.

## Kit Components

- Installation and Technical Manual
- Ramp Control Assembly
- Deck Clevis Bracket, Single (with pins)
- Base Clevis Bracket, Double (with pins)
- Ratchet Release Chain Assembly (with stop block)
- Lifting Chain Cup

## Accessories

- **Easy-Pull feature (B):** Enables your upgraded dock leveler to be deployed and retracted with up to 25% less operator effort, reducing strain (Part # 1001386).
- **Additional Toe Guard Package (D):** 6' and 8' docks (Part # 202-5024-99). 10' docks (Part # 202-5024-1-99).

Easy-Pull feature (Part # 1001386) can be purchased separately to upgrade existing hold-down.
