

EPT-33-4W Four Way Pallet Truck

Designed to handle 4 way pallets; offering a 220 degree steer arc for exceptional maneuverability in compact areas. Comes with polyurethane steer wheel and steel load rollers for easy rolling.

CAPACITY

3,300 lbs (1,497 kg)

OPERATION

- 220 degree operational arc
- Requires eight full strokes to reach maximum elevated height of 5.5" (138 mm)
- Control handle has three position (raise/neutral/lower) fingertip control. Ergonomically designed and free of pinch points
- Spring loaded handle returns to upright position automatically
- Comfort grip handle
- 2" (51 mm) lowered fork height
- Polyurthane steer wheel and steel load rollers
- Features a powder coat paint and robotic welds throughout

HYDRAULICS

- Galvanized hydraulic pump includes an overload relief valve and braking can be actuated by both hand and foot controlled release

FORKS / CHASSIS

- 33" (838 mm) wide forks
- Tapered forks and entry and exit rollers allow for smooth pallet handling
- Helper rollers for easy exit and entry of pallets
- Rugged heavy duty frame
- Adjustable push rods allow for individual adjustment capability
- Hangers are constructed of cast iron for greater strength and longevity

WARRANTY

- One year structural and one year hydraulic pump warranty
